

2025 Atlantic Emergency Management Conference

Braving the Uncertain

About the Conference

The Atlantic Emergency Management Conference (AEMC) 2025 will take place September 2–4 at the PEI Convention Centre in Charlottetown, Prince Edward Island. This year's theme, *Braving the Uncertain*, speaks to the evolving challenges and unknowns that emergency management professionals must navigate every day. Hosted by the Atlantic First Nations, our 2025 conference will provide space to share knowledge, strengthen regional collaboration, and support the people working on the front lines of uncertainty.

Why Become a Sponsor?

- Contribute to conversations on emergency management.
- Provide a platform for professional development.
- Build relationships through face-to-face networking opportunities.
- Showcase your products, services, and projects.
- Increase your company or organization's profile.
- Support those working to strengthen emergency management capacity.

Your Impact as a Sponsor

All AEMC 2025 sponsorship funds will be used to support meaningful participation in the conference. This includes need-based travel scholarships for youth interested in emergency management careers, with a priority placed on supporting Indigenous youth. By reducing cost barriers, your sponsorship helps young people connect with mentors, explore career paths, and build lasting relationships. Funds will also support the gala dinner—an opportunity to celebrate front-line workers and emergency management professionals.
